

Erling Oelz's Visit to Finland

In July 1971, I began my library career at the [University of Montana](#) in Missoula . I moved there from the University of Illinois at Urbana-Champaign, where I received my M.S. degree in Library and Information Science in 1966. My responsibilities in Montana have primarily been as the Library's Director of Public Services. My most recent assignment is to coordinate the user assessment program. I hold the academic rank of full Professor.

The University of Montana maintains a formal international exchange agreement with both the University of Helsinki and Joensuu University , the only two participating Nordic countries. I began my five-month visit to Finland on 10 January in Joensuu. The Helsinki segment of the exchange began on 18 March and will conclude here the end of May.

My exchange objectives have focused primarily on library assessment and information literacy. It has been attempting to gain an insight and understanding of each Library's instructional role/strategy within the University. Additionally, I has attempted to identify how assessment of library-related activities is being addressed, especially the role which students and instructors will play in the process.

I'm very interested in promoting international exchange opportunities for librarians, especially those where the librarian receives full recognition and the financial support of one's university. My first exchange experience occurred with the University College of Belize in 1998.

- Vacation Leave: 1.75 days per month - 21 days per year, with limits on accumulated leave time
- Professional Leave Undetermined, but with approval

Librarian Performance Evaluation

Evaluation of librarians (peer review) occurs annually and is used for purposes of promotion, tenure, salary determination, and recommendation for retention. Both University standards and individual unit (Library) standards must be addressed as part of the evaluation process. The appraisal addresses three (3) areas:

- Practice of Librarianship (what you do in your job)

- Scholarly Research and Creative Activities
- Service (participation in local, state, regional, national, international professional associations) and OutReach

If you have any questions or comments about the above information, please feel free to contact me through the end of May at erling.oelz@helsinki.fi

In conclusion, I wish to thank all Finnish librarians who have shared their time and expertise with me over these past five months. This has truly been a most memorable experience for me and I am most grateful. I trust that you will give consideration to applying for an international exchange from your University, thus affording me and my colleagues the opportunity of sharing a Montana experience with you!
