Corrigendum

The authors regret that the following errors were made:

1) In Table 3 the estimates for Males on Grade point average are wrong (2nd variable “Sex”, headings “B”, “LCI”, “UCI”). The current numbers -0.811, -0.899 and -0.723 should be replaced with numbers -0.567, -0.612 and -0.522. These errors were introduced when the results were transferred from a statistical software to a word processing program.

2) On page 5, the third paragraph after the heading “Results”: “The general regression analysis of GPA” should be deleted and replaced with “The general linear model analysis of GPA”.

3) The second author’s ORCID ID was omitted from the original article. It is https://orcid.org/0000-0003-3634-3294.
