Verse 1

The man he travelled to the town
So he could play upon the stage
He stood alone and he stood proud
With a golden violin

The room was full the air was calm
He felt warm
He felt peace
And as he played his violin
He played the strings upon their heart

Chorus

We need connection
Our souls are crying out
Our souls are empty
We need connection
Our souls are crying out
Our souls are empty
We need to know
We are not alone

Verse 2

And from her window she can see
Blue sky and flying birds
Inside the smell of anise
Morning light across the floor
Ávila mountain old man protector
Loves to listen to her play
Laving this place, she lost connection
To her colorful world

Chorus

We need connection
Our souls are crying out
Our souls are empty
We need connection
Our souls are crying out
Our souls are empty
We need to know
We are not alone
