### **Verse 1**

The sky that gushed  
From the window pain  
Torrent of images  
Washed my brain  
My eyes are seagulls  
Flying to oceans  
Weaving the journey  
While they're flapping  
The clouds that roar  
To summon the rain

### **Chorus**

You touch me like the wind  
wiping away my  
trace on the sand  
My spirit  
travels  
with the seagulls

### **Verse 2**

Leaning on dreams  
Heading outside  
Wearing the clothing sewed from the light

### **Chorus**

### **Bridge**

And the  
clouds  
that roar to  
summon  
the rain

Clouds  
that roar  
to summon the rain

### **Chorus**
